

2022-2023 Greensboro College Housing Contract

I understand that attending a residential undergraduate college carries a mandatory residency requirement which lasts from admission, until I [the student] have achieved: the academic standing of having earned 60 semester hours creditable towards a Greensboro College degree; 21 years of age; or declared as a commuter living at the residence of the individuals who claims me as a dependent, within a 50-mile radius of campus. I further understand that my decision to attend Greensboro College explicitly affirms my willingness and intent to obey all housing policies including, but not limited to, the residency requirement, and accompanying residential meal plan, as specified in the Pride Guide [Student Handbook]. I further understand that room assignments depend on a number of variables including the academic standing of the student in question (freshman, sophomore, etc.), bed availability, occupancy rates, and a number of other factors. Therefore, specific room assignments are not guaranteed. I further understand that student needs are accommodated before preferences and that some preferences may not be addressed. I further affirm that I meet all residency requirements to be considered a residential student. All students must be enrolled in a minimum of 8 credit hours throughout the entirety of the semester in order to be eligible for on campus housing. Greensboro College does not house non-traditional students such as adult students exceeding the age of 23 with an exception for international students. I further affirm my understanding that final confirmation of my room assignment will be emailed to me at my Greensboro College email address during the summer break and should arrive no later than seven days prior to move-in day in any given academic year. I further understand that if I have not been advised of a specific room assignment within one week of move-in day, I will contact the Office of Residence Life by phone at 336-272-7102, ext. 5625, or by email, by logging into my Greensboro College email account and sending a message to reslife@greensboro.edu, to request verification of my room assignment be sent/re-sent to me. By attending Greensboro College, I acknowledge that I am entering into this binding contract and take responsibility for the full financial cost of the room and board fees for the following academic year, which takes effect on the date acknowledged (by signature or electronic communication), and lasts through the end of the academic year for which I have acknowledged. If I desire relief from any provisions of this contract, I must request it, in writing, to the Dean of Students. The Dean of Students' power to provide relief from this contract is limited by the exceptions and limitations noted in the Greensboro College Pride Guide, and by reimbursement limitations imposed by the Academic Catalog (and/or) stipulations placed on scholarships or other award monies that have been applied to residential living costs (to include meal plans). Even if granted relief, I acknowledge that any refunds that I receive will be pro-rated to reflect those limitations and I remain responsible for any balances that exist after all available refunds have been made. Finally, I understand that if I fail to request or am denied contract relief from

the Dean of Students I will remain responsible for full payment of room and board charges even if I never move into the room I have been assigned.
