INTRODUCTION

The Jeanne Clery Campus Safety Act (20 USC 1092 (f)) requires institutions of higher education to prepare, publish, and make available to all current and prospective students and employees, information pertaining to crime awareness and personal safety by October 1st of each year. Greensboro College is publishing this Annual Security and Fire Safety Report pursuant to this regulation.

Greensboro College is committed to providing a safe and secure environment for its students and employees. It offers various educational programs on crime and crime prevention. Members of the campus community are encouraged to be responsible for their personal safety and to take an active interest in that of others.

In this report, members of the campus community will find information on how to prevent and report crimes, how the College responds to the reporting of crimes, how it secures its facilities, and policies governing the possession, distribution, and use of alcoholic beverages and illegal drugs. This report also addresses College policy and procedure regarding response to, and investigation/adjudication of, reports of sexual harassment, domestic violence, dating violence, stalking and sexual assaults. Finally, this report provides statistics regarding the occurrence of certain crimes and fires on university property (and relevant areas adjacent to college property).

The Department of Student Development and the Department of Public Safety and Security can provide more detailed information on the topics discussed in this report upon request.

CAMPUS SAFETY TIPS

Residence Hall /Property Crime Deterrence

Like many other colleges and universities, theft of personal property is by far the most common type of criminal incident reported on our campus. The Department of Public Safety and Security is committed to deterring these incidents, investigating those that occur, and whenever possible prosecuting anyone who engages in this criminal behavior.

There are a number of easy, effective steps you can take to **"Help Us Help You"**:

- If you see anyone or anything that makes you suspicious, call Campus Public Safety and Security at 336-312-9911 without delay.
- Close and lock your residence hall room, office, and vehicle every time you leave it, even if you only plan to be away for a few minutes. It only takes a few seconds for a thief to steal your valuables.
- Close and lock your residence hall room door when you are asleep or in the bathroom.
- Never keep an exterior residence hall door or gate open.
- Don't open residence hall rooms or lobby doors to people you don't know. Everyone who is authorized to enter a particular residence hall should already have key and / or card access.
- Report any lost residence hall room key to your Residential Hall Director and have room locks changed without delay!
- Don't "hide" the key outside your residence hall room.
- NEVER leave laptop computers, cell phones, PDAs, MP3 Players, purses, backpacks, etc. unattended - even for a few seconds - outdoors or inside academic, study, recreation or food service facilities.
- Avoid leaving your valuables in plain sight - whether in your room, office or vehicle! Plainly visible items like GPS units, MP3 players, and audio components - especially in vehicles - draw the attention of would-be thieves.
- Participate in Operation ID, which is coordinated by the Director of Public Safety and Security. An officer will come to your room and will use an engraver to apply a unique number (usually your driver's license number) to your non-serial numbered items. You should also record serial numbers and other vital information related to valuables in your room. Should your property be stolen anywhere, that information may be used to assist in positive identification and recovery. This free service is available to everyone on campus. You may contact Public Safety and Security at 336-908-8947 to schedule this service.

Vehicle Crime Deterrence

1. **ALWAYS** roll up vehicle windows and lock doors.

2. **ALWAYS** secure valuable items such as purses, books, book bags, phones, computers, and other valuables in the trunk, console or glove compartment.

3. **NEVER** leave your unattended vehicle running.

Additional Crime Deterrence Tips

1. **REPORT** any suspicious activity immediately to the Campus Public Safety and Security Department at **336-312-9911** or **336-908-8947**.

2. **REMEMBER**, it is safer to travel in pairs and on well-lit paths and roads during the evening hours.

3. **REPORT** burned-out lights, broken windows, doors, locks, and any other security-related problems immediately to Residence Life, Maintenance or Public Safety.

4. **NEVER** leave your book bag, wallet, purse, computer or keys unattended - especially in public places.

5. **NEVER** walk or jog alone at night.

6. **Avoid** wearing headphones or earbuds while you are walking or exercising alone outside.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

REPORTING CRIMES & TIMELY WARNING

Numerous efforts are being made to advise members of the campus community on a timely basis about campus crime and emergencies that are considered to represent a threat to students, employees, and the community.

Any threats of violence or indications of volatile behavior, regardless of how insignificant it may appear, need to be reported immediately.

If a situation arises, either on or off campus, that, in the judgment of the Director of Public Safety and Security, Dean of Students, or the President constitutes an ongoing or continuing threat, a campus wide "**timely warning**" will be issued. The warning will be issued through the college e-mail system to students, faculty, and staff. Depending on the circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, Safety and Security may also post a notice throughout the campus providing the college community with more immediate notification. In such instances, a copy of the notice is posted in each residence hall, at the doors of each building. If an imminent threat occurs, an **Emergency Alert Notification (GC ALERT)** will be sent out without delay.

Anyone with information warranting a timely warning should report the circumstances to the Public Safety and Security Department, by phone (336-312-9911) or in person at the Safety and Security Department, located in room 116 Main Administration Building.

To Report a Crime: Criminal actions and other emergencies on campus can be reported directly to Public Safety and Security at any time by calling the security emergency phone at 336-312-9911 or 336-908-8947. Greensboro Police can be contacted by dialing 911. Upon receipt of the call, Security will request specific information and is dispatched immediately to the site of the complaint. If necessary, additional personnel such as police, fire, and rescue will be contacted. Individuals may also report incidents to the Student Development office by dialing 336-272-7102 ext. 5227.

Crimes should be reported to the Public Safety and Security Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. For example, a

crime that was reported only to the Guilford County Rape Crisis Center would not be included in the Greensboro College crime statistics if not reported to Campus Authorities.

Anyone may also report any crime or an emergency to one of the following individuals listed below or any Greensboro College Faculty or Staff Member.

Dean of Students	(336) 272-7102 ext. 5406
Director of Residence Life	(336) 272-7102 ext. 5406
Residence Coordinator	(336) 272-7102 ext. 5391
Title IX Coordinator	(336) 272-7102 ext. 5496
Dir. Marketing and Comm.	(336) 272-7102 ext. 5491

LIMITED VOLUNTARY CONFIDENTIAL REPORTING

The Public Safety and Security Department encourages anyone who is the victim or witness to any crime to promptly report the incident to Security. Because security incident reports are public records under state law, the Public Safety and Security Department cannot hold reports of crime in confidence. Confidential reports for the purpose of inclusion in the annual disclosure of crime statistics can generally be made to other campus security authorities.

GREENSBORO COLLEGE RESPONSE TO THE REPORTING OF CRIMES

Upon receipt of a criminal complaint or report of an emergency, initial security actions are focused on ensuring the safety of the persons involved in the incident. Subsequently, a Security Officer or Investigator will interview all available involved persons and witnesses to obtain information about the incident. A written report will be filed. All Public Safety and Security incident reports are forwarded to the Dean of Student Development office for review and potential action by the Student Judicial Services. Security Officers will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Dean of Student Development and/or the Title IX Coordinator.

If assistance is required from the Greensboro Police Department or the Fire Department, Public Safety and Security will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, including Public Safety and Security, will offer the victim assistance in getting appropriate care.

Copies of reports filed by Campus Security Officers may be obtained at the Public Safety and Security Department as soon as two business days after an incident. Such copies of Security Incident Reports contain only information designated for public release under N.C.G.S. 74G-5.1. Additionally, police reports are made available to other College departments to inform them of emergency or criminal incidents where concerns exist for the safety, health and welfare of the Campus community.

The Campus Code of Conduct also includes procedures established to address cases where a student's presence is reasonably believed to pose a continuing danger to persons or property; or poses an ongoing threat of disrupting the academic process. The student may be immediately suspended by the Dean of Students. Other disciplinary actions against students are taken in conformance with the policy and procedures outlined in the Campus Judicial Code. Questions concerning both policies and procedures should be directed to the Dean of Students at 336-272-7102 ext. 5406.

Emergency Notification Systems

Greensboro College has several methods of notifying students, faculty, and staff in the event of an emergency.

or call 336-272-7102 ext. 5491 for assistance.

EMERGENCY OPERATION PLAN (EOP)

In the event of a natural, technological or human-related disaster, Greensboro College has special procedures in place to address the needs of mitigation, preparedness, and response and recovery management, called the all-hazard Emergency Operations Plan (EOP). This plan establishes policies, procedures and guidelines allowing Greensboro College to save lives, minimize injuries, protect property, preserve functioning administration, and maintain essential activities. Guidelines are in place to conduct effective and coordinated emergency operations on campus and beyond.

Frequent drills are conducted throughout the year to ensure emergency preparedness on campus. In an emergency, Greensboro College will attempt to communicate with the community through numerous methods, including public postings, information hotlines and an Emergency Alert System (GC ALERT) integrating telephone, voice, text messaging and email.

For more information about the Emergency Operations Plan (EOP), contact the Dean of Students by calling 336-272-7102 Ext. 5406.

ACCESS TO AND SECURITY OF CAMPUS FACILITIES

Instructional and Administrative Facilities

Public areas of campus are open during regular business hours only.

Vice Presidents may request keys to the facilities under their control. Instructors or employees whose duties require unlimited access to a building must acquire authorization from the Vice President in control of that facility prior to being issued a key. Public Safety and Security personnel may provide access for employees without keys. Positive identification is required.

Public Safety and Security Officers patrol campus grounds and buildings during and after normal operating hours. While patroling, the officers also look for damage to security hardware, non-functioning lights, and other safety and security issues.

Athletic Facilities

Security policies pertaining to major athletic and entertainment events held in Campus athletic facilities are under the direction of the Athletic Department and Conference and Events Office in close coordination with the Campus Public Safety and Security Department.

Residence Life Facilities

During business hours, the College (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all College facilities is by key and/or access card, if issued, or by admittance via the Public Safety and Security Department. In the case of periods of extended closing, the College will admit only those with prior written approval to all facilities.

Residence halls are on an electronic access system or key and are secured 24 hours a day. Over extended breaks, the doors of all halls will be secured around the clock. Some facilities may have individual hours, which may vary at different times of the year. Examples are the Reynolds Family Life Center, the Library, and Huggins Auditorium. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility.

Exterior and interior residence hall doors equipped with locks should be kept secure at all times. Each student is issued a key or an access card to access their residence hall and their residence hall room. Keys remain the property of the College and are issued at the beginning of the semester and must be returned when the student leaves for the semester or withdraws from school. Students who lose their keys or do not return them at the end of the semester are charged for rekeying room and/or suite door locks.

NOTE: The campus identification card (Pride Card) is programmed to serve as an access card for residence halls with electronic access control.

Security Officers conduct random patrols of the exterior and internal areas of residence halls.

SECURITY CONSIDERATIONS USED IN THE MAINTENANCE OF CAMPUS FACILITIES

Athletic, Academic, and Administrative Facilities and Grounds

The Public Safety and Security Department is responsible for the patrol of all athletic, academic, and administrative facilities as well as the exterior grounds of the College. All observed safety, maintenance or repair issues are promptly communicated to Greensboro College Maintenance via formal Work Orders or to other appropriate entities.

Residence Life Facilities

Students are responsible for notifying their Residential Advisors or the Residence Hall Director when their living space or other campus residential facilities are in need of maintenance or repair. In addition, any safety, maintenance or repair issue observed by members of the Department of Public Safety and Security or Residence Life staff are promptly communicated to the Physical Plant via Work Orders or to other appropriate entities.

When work orders are received, maintenance will assess the request and schedule the necessary maintenance or repair. After-hours emergency repairs are reported to the Public Safety and Security Department. Upon receipt of the request, the Security Officer will investigate the request and initiate the call-back of appropriate maintenance personnel to respond immediately to reports of potential safety and security hazards 24 hours a day.

COUNSELOR AND CONFIDENTIAL CRIME REPORTING

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be campus security and are not required to report crimes for inclusion in the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.
The rulemaking committee defines counselors as:

Pastoral Counselor
An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor
An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

POLICIES GOVERNING ALCOHOLIC BEVERAGES AND ILLEGAL DRUGS

Possession, Use and Sale of Alcoholic Beverages / Possession, Use and Sale of Illegal Drugs and Substance Abuse

Alcoholic beverages are not permitted outside of residence hall rooms and may not be consumed or possessed in a room where either student is under the legal drinking age of 21. This includes the possession, sale, distribution or consumption of any alcoholic beverage or illegal drug as well as the unlawful possession or distribution of prescription medication. Illegal drugs may not be possessed on one's person, in a vehicle or in any container anywhere on Greensboro College property. Furthermore, use of any normally legal substance for any purpose other than its intended use (as described by the manufacturer and represented in the public domain) or in a manner that is not in compliance with labled directions for use may consitute substance abuse and a violation of federal law and is thereby punishable under Greensboro College policies.

The Greensboro College Campus Public Safety and Security Department enforces laws on underage drinking and is responsible for enforcing federal and state drug laws in partnership with the Greensboro Police.

College disciplinary proceedings will be instituted against students and employees who violate the College's policies regarding the possession, use, and sale of alcoholic berverages, illegal drugs, mis-use of prescription drugs, or other substances. Penalties will be imposed for violations in accordance with the disciplinary policy. Applicable criminal charges may also be imposed.

Off-Campus Responsibility

Greensboro College assumes no liability for any student when that student is off the Greensboro College campus. Each student is personally responsible for their own safety, their own actions, and the results of their own decisions.

If the College learns of criminal activity involving students or student organizations, it will coordinate with the appropriate external law enforcement agency to forward information about the situation to the Office of Student Development, as appropriate.

Alcohol and Drug Abuse Educational Programs

The Office of Student Development conducts drug and alcohol education programs for students. It also provides counseling, support and referrals for students seeking help with substance abuse problems.

(**See the Student Handbook: PRIDE GUIDE**)

https://www.greensboro.edu/student-handbook/

The Employee Assistance Program provides limited, free, confidential assessment, counseling, consultation, and referral services for all employees and their families. The College also provides community members with referrals to local community mental health agencies, personal physicians, local chapters of Alcoholics Anonymous and Narcotics Anonymous, and others who are able to identify and treat employees with substance abuse problems.

In compliance with the federal Drug Free Schools and Communities Act and the Drug Free Workplace Act, the Human

Resources Office and Student Health annually distributes literature. The literature includes a description of the health risks associated with the use of illegal drugs and the abuse of alcohol and other medications.

WEAPON POLICY

Greensboro College strictly prohibits the possession or use of any weapons including, but not limited to, guns, rifles, pistols, BB guns, pellet guns, stun guns, air rifles/pistols, paintball guns, BB's, bullets, bomb-making devices, knives (of any length), brass knuckles, slingshots, leaded canes and martial arts devices. In addition, any object that resembles a firearm or weapon is prohibited.

The only exception would be for "a weapon used solely for educational or school-sanctioned ceremonial purposes or used in a school-approved program conducted under the supervision of an adult whose supervision has been approved by the school authority" (**Director of Public Safety and Security**). (North Carolina General Statute Section 14-269.2). Those persons exempted from this policy include any firefighters, police, emergency service personnel, North Carolina Forest Service personnel, and any private police employed by the College, when acting in the discharge of their official duties (North Carolina General Statute Section 14-269.2).

Any weapon or ammunition discovered on college property will be confiscated immediately. SEX OFFENDERS REGISTRY

Students, faculty, and staff members can obtain information on registered sex offenders living and working in the immediate area. The North Carolina Sex Offender and Public Protection Registry were established in January 1996 (14-208.5). This law requires a person who is a resident of North Carolina and who has a reportable conviction to maintain registration with the sheriff of the county where the person resides. If the person moves to North Carolina from outside this state, the person shall register within 10 days of establishing residence in this state, or whenever the person has been present in the state for 15 days, whichever comes first. This information is made available for the purpose of protecting the public and can be accessed online at the NC State Bureau of Investigations website. http://sexoffender.ncsbi.gov/
Anyone who uses this information to commit a criminal act on another person is subject to prosecution.

MISSING PERSONS POLICY

The Greensboro College Campus Public Safety and Security Department will exert every reasonable effort to locate a student, visitor, faculty or staff member who is reported missing from the campus. To file a report regarding any person believed to be missing from the Greensboro College campus, you may personally come to the Campus Public Safety and Security Office, or you may contact our agency by phone at **336-908-8947**or **336-312-9911.** A Security Officer will either speak with you by phone or come to your location on campus. **There is no requirement that a person be missing for 24 hours or more before a police report can be filed.** Prompt reporting is always appropriate! Public Safety and Security Officers will collaborate and share information regarding missing persons with other law enforcement agencies.

If a Greensboro College student has been missing from the campus for 24 hours, a report **must** be made to Greensboro College Public Safety and Security and any of the following officials:

Dean of Students
Residence Life Coordinator
Director of Marketing and Communications
All Other Faculty and Staff Members

Any of the officials listed above who receive a report that a student has been missing for 24 hours must immediately confirm that a missing person report has also been (or is in the process of being) made to Greensboro Police. If the missing student is under the age of 18, that student's parent(s) or legal guardian(s) will also be notified.

All students living in on-campus student housing facilities have the option to register a confidential contact person to be notified in the case that the student is determined to be missing. Only authorized university officials and law enforcement officers in furtherance of a missing person investigation will have access to this information. Students who choose to exercise this option may contact the Office of Student Development to document their emergency contact information.

Clery Act Crimes and Statistics

Jeanne Clery Campus Safety Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses. Public Safety and Security maintains a close relationship with all police departments where Greensboro College owns or controls property to ensure that crimes reported directly to these police departments that involve the College are brought to the attention of the Public Safety & Security Department.

The Public Safety & Security Department collects the crime statistics disclosed in the charts through several methods. Public Safety and Security Officers enter all reports of crime incidents made directly into the department's computer. After an officer enters the report into the system, the Director of Public Safety and Security reviews the report to ensure it is appropriately classified in the correct crime category. The department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook. In addition to the crime data that the Safety & Security Department maintains, the following statistics also include crimes that are reported to The Greensboro Police Department, Student Development and **campus security authorities (CSA), including Athletic Coaches, Faculty/Staff Advisors to clubs and organizations, individuals or offices with significant responsibility for student and campus activities**. The statistics reported here generally reflect the number of criminal incidents reported to various authorities. The statistics reported for the subcategories on liquor laws, drug laws, and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses.

COMMON CRIMES

While Greensboro College is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics, other common crimes that occur on campus are outlined below.

Theft
Theft is a common occurrence on college campuses. Often, this is due to the fact that theft is often seen as a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious people. Never leave items and valuables lying around unsecure. Doors should be locked at all times. The following is a list of suggestions to help you not fall victim to theft.

- Keep doors to residence halls, labs, and classrooms locked when not occupied.
- Don’t provide unauthorized access to people in buildings or classrooms.
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, and checkbooks in a lock box or locked drawer.
- Keep a list of all valuable possessions including the makes, models, and serial numbers.
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks.

- Don’t leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time.
- Don’t lend credit cards or identification cards to anyone.
- Report loitering persons or suspicious persons to police immediately; don’t take any chances.

Identity Theft

Identity theft is a crime in which someone wrongfully obtains and uses another person’s personal information in some ways that involves fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account, or credit card information.

People involved in identity theft often use computers or other forms of media to assist them.

You can take measures you can take to prevent this from happening to you:

• Do not give anyone your personal information unless there is a legitimate reason to trust them.

• Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.

• Complete a credit check frequently to ensure there is no suspicious activity.

• Examine financial information often to assure all transactions are authorized and accounted for.

• Use security software and install firewalls on computers.
- Change your passwords on your computer

FIRE SAFETY REPORT/ FIRE LOG

Fire Log

The Campus Public Safety and Security Department maintains a written, easily understood fire log that records, by the date that the fire was reported, any fire that occurred in an on-campus student housing facility. This log includes the nature, date, time, and general location of each fire.

Fire Safety Systems, Training, and Drills

At Greensboro College, all four Residential buildings are equipped with a fire alarm system, which is monitored 24 hours a day, seven days a week. The buildings are also equipped with emergency lights that are designed to automatically activate whenever there is a power loss, Smoke Detectors, and Pull Stations.

All residential life staff (Residence Advisors & Residence Hall Directors) receive intensive and comprehensive fire safety training at the beginning of each semester. Every student's room has a smoke detector installed on the inside wall. Fire exit drills are conducted each semester in every residential building. In addition, emergency evacuation maps are posted on all floors of residential facilities.

Fire Inspection and Prevention Policy

It is the obligation of the Campus Public Safety and Security Department to provide students, faculty, staff and visitors with the safest possible environment, free from potential fire hazards. The primary goal of fire prevention is to recognize hazardous conditions and take appropriate action before such conditions result in a fire emergency. This goal is accomplished by conducting periodic fire safety inspections of all Campus buildings and third-party fire safety audits.

Regarding fire safety inspections, fire and life-safety features of the buildings shall be in compliance with all applicable standards of the National Fire Protection Association (NFPA) and adopted by The State of North Carolina and City of Greensboro.

Simplex-Grinnell monitors, inspect and service all fire safety systems. The Greensboro Fire Department's Fire Inspector conducts fire safety inspections of all campus buildings. Some buildings may be inspected more frequently as necessary. A copy of the completed Fire Inspection Report for each building will be forwarded to the appropriate department responsible for maintaining fire safety compliance for that building. The department responsible will be expected to correct any deficiencies and notify Physical Plant by returning a copy of the report indicating the date (as determined by the GFD) when each deficiency was corrected. Physical Plant will conduct a follow-up inspection to verify correction of all deficiencies once notification has been received. Copies of all completed Fire Inspection Reports will be maintained by the Physical Plant.

To minimize the potential for fires, The College strictly prohibits the possession or use of fireworks or combustible materials of any kind which includes, but is not limited to, halogen lamps, gasoline, and paint thinner, kerosene, incense, oil lamps, candles and other articles that may be a source of flames. All such articles will be confiscated. Tampering with fire alarms and fire-fighting equipment, failing to render reasonable cooperation in any fire-related emergency, deliberately setting a fire, failing to leave a building during a fire drill or fire-related emergency, setting off a fire alarm other than in case of emergency and failing to report a fire are violations of this policy. Greensboro College is required by law to report fire safety violations to the proper authorities. The campus fire alarm system is critical to the protection of the lives and property of students. North Carolina General Statute Section 14-286 states as follows: Giving false fire alarms; molesting fire-alarm, fire-detection or fire-extinguishing system. It shall be unlawful for any person or persons to wantonly and willfully give or cause to be given, or to advise, counsel, or aid and abet anyone in giving a false alarm of fire, or to break the glass key protector, or to pull the slide, arm, or lever of any station or signal box of any fire-alarm system, except in case of fire, or willfully misuse or damage a portable fire extinguisher, or in any way to willfully interfere with, damage, deface, molest, or injure any part or portion of any fire-alarm, fire-detection, smoke-detection or fire-extinguishing system. Any person violating any of the provisions of this section shall be guilty of a misdemeanor punishable by a fine not to exceed five hundred dollars ($500.00), imprisonment for not more than six months, or both.

Fire Safety Regulations and Procedures

Fire drills are conducted at various times throughout the year to ensure that all on-campus residents are familiar with evacuation procedures. Any substance that could cause a fire is not permitted in the residence halls at any time. These items will be confiscated and are not subject to return.

Additionally, students, faculty and staff should maintain a safe environment in all campus facilities and should follow the procedures below in the event that a fire is discovered or if they see or smell something that indicates a fire in any campus building or on campus grounds.

1. Pull the alarm if it has not yet been activated.
2. Do not attempt to extinguish a fire until an alarm has been sounded
3. Close the room doors and exit the building.
4. Do not use the elevator.
5. Call 911 and report the location of the fire.
6. Do not reenter the building until instructed by campus security.

In the event of a fire alarm, all occupants of the building are required to vacate. Failure to do so is a violation of the Student Conduct Code. Tampering with or inappropriately handling any fire and/or safety equipment (including but not limited to fire extinguishers, fire hoses, smoke alarms and detectors, fire safety vehicles) is strictly prohibited and a violation of federal/state law and the Student Conduct Code.

Evacuation Procedures

Upon hearing a fire alarm, evacuate the building by using the nearest stairs and exits. Do not use elevators. Once outside the building, stay out and move away from the building to clear access for the fire department and other emergency responders. Do not re-enter the building until expressly advised that it is safe to do so by a Fire Department incident commander or Campus Security officer.

Fire Incident Reporting

Students, Faculty and Staff are instructed to call 911 to report a fire. Any fires that were quickly extinguished, any evidence of recent fires or attempted burning of material must be reported immediately to a Public Safety and Security at 336-312-9911 and Student Development at 336-272-7102 Ext. 227 who will document the incident as required. Campus Public Safety and Security will coordinate with Residential Life, Greensboro Police and Fire Departments in the investigation of each fire incident.

Plans for Future Improvements in Fire Safety

Greensboro College continues to monitor trends related to residence hall fire incidents and alarms to provide a fire-safe living environment for all students. New programs and policies are developed as needed to help ensure the safety of all students, faculty, staff, and community.
